

**PILOT SIM BROKERS  
Business and Commercial Aircraft Training Locator Services**

Clients of this service receive the following on their training provider report:

- **Up to three approved training providers offering the lowest pricing for the aircraft on which the client seeks to train. (Prices will be provided for up to three requested aircraft, including both business and commercial, per consulting service request.)**
- **The names, locations, contact information and prices for those training providers.**
- **Specific information for each training provider pertaining to the training requested by the client.**

**This information includes:**

- > **Course Description for each training course.**
- > **Whether the specified training program is JAA approved, or FAA approved, or both.**
- > **Whether the pilot can receive credit for the training on both JAA and FAA certificates simultaneously.**
- > **Only the Training Providers that meet the specific requirements listed by the client will be included in the report.**
- **If the client elects to purchase their training through Pilot SIM Brokers, the consulting fee for this service will be applied toward the price of that training.**
- **The training provider report will be received by the client within ten business days of payment received for the service.**

**There is a \$300.00 consulting fee for this service. In order to insure prompt delivery of this service, payment will only be accepted in advance by the following methods:**
